Dear Prospect Sponsors,

The Athens International Symposium on Digestive Diseases invites you to beautiful Athens, the sunny and historic capital of Greece!

Our International Scientific Committee and our official organizer, the Asian Institute of Gastroenterology, along with a significant number of world renowned experts, present the most attractive scientific event in S.E. Europe and The Balkans on Digestive Diseases. Prevention and treatment of gastrointestinal cancer, new advancements in diagnostic and therapeutic endoscopy, and advanced case management, once again, will remain the core of our lectures and demonstrations. Our expansion into IBD related diseases and related therapeutic advancements will continue, with lectures from the best experts in the field.

We strive in the two days of our scientific program to provide a positive effect on improving patient quality of care.

Through lectures we transfer the knowledge and experience of the best scientists in the world.

Through live cases we demonstrate effective techniques of therapeutic interventions, from two of the best-known hospitals in Athens.

Through regular and advanced hands-on courses we provide valuable practical experience on new equipment and techniques for both our novice and experienced colleagues.

Our aim is to improve the knowledge, diagnostic approach, and therapeutic intervention of our attendees, in order for them to achieve the optimal result for their patients.

This course is designed for gastroenterologists, surgeons, advanced endoscopists, health care providers, internists, general practitioners, trainees, nurses and technicians.

Welcome to Athens! Welcome to the 5th AISDD 2020!

The Megaron Athens International Conference Centre is one of the finest and most technologically advanced conference venues in Europe. Situated in the city centre yet surrounded by its own extensive landscaped gardens, Megaron offers a stunning environment, exceptional aesthetics, cutting edge technology and unrivalled client service. MAICC is part of the Athens Concert Hall Organization.

It offers a comprehensive range of facilities for all sorts of cultural activities, designed to the very highest specifications and one of the most impressive venues of its kind anywhere in the world. It offers a forum for all sorts of cultural activities – both artistic and educational. All in all, the Megaron Athens International Conference Centre achieves maximum comfort, prestige and splendor that will make the scientific event really special!

Where is MAICC?

Megaron Athens International Conference Centre is a landmark in Athens and is situated in the centre of a vibrant, modern city that was transformed to host the 2004 Olympic Games.

The Centre is on a direct metro line to the award winning Eleftherios Venizelos International Airport, journey time 37 minutes, making it extremely accessible for international delegates travelling from and to global destinations.

Megaron is also very close to major hotels, many of which are within walking distance. And if that weren’t enough, major museums, shops and fine dining are all just minutes away.
Main Lecture Hall: N. Skalkotas

Equipped with cutting-edge technology, the Nikos Skalkotas Hall opens directly onto the international conference centre foyer. A prestigious hall which is ideal for plenary sessions, as well as more complex live events.

- Fixed theatre style seating for 400
- Individual in-seat microphone and table
- State-of-the-art sound and lighting system
- Simultaneous Translation for 6 languages

Good reasons to participate and be involved:

- be part of one of the largest multidisciplinary congresses
- earn international recognition for your products
- make the connections you need
- Meet and discuss with international scientists of great impact faculty members
- Opportunity to increase visibility within the market place and increase your return on investment
- Fantastic networking opportunities to engage with reputable scientific societies and associations

Educational Grants for Physicians to Attend the 5th AISDD 2020

Recent MedTech Europe rules prohibit member companies from directly sponsoring physicians to attend third-party organized educational events like the 5th AISDD 2020, meaning that companies will no longer be able to pay registration, travel or accommodation expenses to individual HCPs to attend the 5th AISDD 2020.

Restricted educational grants may be provided to conference sponsors to help off-set costs for participants.

Industry partners can issue the organizing bureau with an educational grant and we the organizers will select recipients based on criteria sent by the Industry Partner. Companies will be able to define the type of participants eligible for the grant but not the name individual recipients.

Grans will cover the cost of registration, accommodation during the symposium and travel expenses.

Educational Grants are offered to healthcare professionals and researchers who have limited access to funding or difficulties to obtain financial assistance in order to attend the Symposium.

How will the educational grant process work?

We have a physician package which includes the following:
